# SHREK THE MUSICAL, JR. SYNOPSIS

Set in a mythical “once upon a time” sort of land, *Shrek the Musical* is the story of a hulking green ogre who, after being mocked and feared his entire life by anything that crosses his path, retreats to an ugly green swamp to exist in happy isolation. Suddenly, a gang of homeless fairy-tale characters (Pinocchio, Cinderella, the Three Pigs, you name it) raid his sanctuary, saying they’ve been evicted by the vertically challenged Lord Farquaad. So Shrek strikes a deal: I’ll get your homes back, if you give me my home back! But when Shrek and Farquaad meet, the Lord strikes a deal of his own: He’ll give the fairy-tale characters their homes back, if Shrek rescues Princess Fiona. Shrek obliges, yet finds something appealing-something strange and different-about this pretty princess. He likes her. A lot. But why does she always run off when the sun sets?

**NOTE:** The “junior” in the title means that this production has been shortened slightly from the original Broadway production. A few of the musical numbers/scenes have been removed and/or shortened.
